August 17, 2017

GCD Conference Room, 120 S 5<sup>th</sup> Street, Suite B102, Manhattan MT

### 310 MEETING AGENDA

1. Meeting Called to Order & Roll Call
2. Public Comments on District 310 Permitting Business
3. 310 Violation Complaint: None
4. 310 Inspection Reports: Ready for Discussion and Board Decision

Inspection Date: 8/8/2017	Application Number: GD 31-17
Applicant:	Mike Rahl, Montana Rail Link
Landowner:	Not given
Perennial Stream:	Gallatin River
Type of Project:	Improvement to Existing Structure
Type of Project:	Temporary Construction Access
Type of Project:	Other: Temporary Diversion Blocks
Purpose:	To rehabilitate Piers 2, 3, and 4 on existing Bridge 155 due to age, condition, and load carrying capacity before capability of safely running trains is compromised.
Description:	Existing Piers 2, 3, and 4 will be encased with reinforced concrete and the bearings will be replaced. Water will be temporarily be blocked/diverted from reaching Pier 3 and, at a separate time, from Pier 4, using precast concrete ecology blocks upstream and downstream as necessary. Pier 2 is outside of the waterway. If necessary the excavations will be dewatered. The pumped water will be discharged north of the bridge on the channel bank into filter bags.
Inspection Recommendations:	Approval with modifications
Inspection Comments:	Ensure no contact of flow/river water on concrete pours.

Inspection Date: 8/8/2017	Application Number: GD 32-17
Applicant:	Buddy Drake
Landowner:	Kurt Klonsinski
Perennial Stream:	East Gallatin River
Type of Project:	Irrigation Structure
Purpose:	We propose installing a new headgate to get water to the Club's irrigation system.
Description:	We wish to install a metal headgate with a metal face and wing walls. The wing walls will be approximately 10 feet long by 6 feet high. The faceplate will be the same dimensions, but with a gate for a squashed 42" x 30" culvert. Two feet of the faceplate and wing walls will be buried in the streambed. The end of the wing walls will be slightly bent back into the bank.
Inspection Recommendations:	Approval as proposed
Inspection Comments:	None

Inspection Date: 8/8/2017	Application Number: GD 33-17
Applicant:	Melvin McKitrick
Landowner:	Ruth Parker
Perennial Stream:	Rey Creek
Type of Project:	Channel Alteration
Purpose:	To lower water level flooding septic system.
Description:	Dug ditch around plugged culvert. In the area by the old bar, dug tree roots out to the original stream bottom.T
Inspection Recommendations:	Approval as proposed
Inspection Comments:	No water in channel. Hard to determine whether work was done in a ditch or historic overflow channel. Grass is growing on spoils, no further mediation necessary.

Inspection Date: 8/8/2017	Application Number: GD 34-17
Applicant:	Brad Hammerquist
Landowner:	John and Nancy Malo
Perennial Stream:	Unnamed
Type of Project:	Bridge/Culvert/Fort Construction
Type of Project:	Excavation
Purpose:	Construct a driveway crossing a drainage for access to a building site and site development for a single family home on a presently unimproved parcel.
Description:	Construct a driveway extension from the existing driveway serving the 795 Storrs Road residence. The extension will cross a seasonal spring drainage area. A culvert will be installed in the drainage to facilitate the crossing.
Inspection Recommendations:	Approval with modifications
Inspection Comments:	Bed twenty-four inch pipe 6"-8" into creek bottom or use twenty-four inch squashed pipe 1"-2" into creek bottom. Install silt barrier on toe of disturbed soils.
